Forecasts Available Electronically

Forecasts from the most recent edition of this publication are also available on the IRS's web site. This site can be reached at www.irs.gov. Select the "Tax Stats" link, then "Products and Publications", and then "Projections" (under the Publications heading). IRS employees can also access this projection product on the IRWeb intranet site by selecting the "Commissioner" link, followed by "Research, Analysis and Statistics", then "Publications," and then "Projections and Forecasting documents."

Distribution

If you are an IRS employee and would like to receive a printed copy of this document on a continual basis, please contact your local IMDDS coordinator and obtain the appropriate protocol for inclusion on the distribution list. All non-IRS customers, and IRS customers uncertain of their local IMDDS coordinator, can contact the Chief, Projections and Forecasting Group on (202) 874-0607.

Overview

This 2005 edition of Document 6149 (*Calendar Year Return Projections by State*) provides state level forecasts of the number of tax returns to be filed in calendar years (CY) 2005 to 2012 by major form type and medium of filing. Internal Revenue Service (IRS) staff under Office of Research, Analysis and Statistics prepare these projections annually to reflect changes in filing patterns, economic and demographic trends, legislative requirements and IRS administrative processes. These forecasts are primarily used for resource planning and analysis at the local level, including decisions about future workload realignment among the IRS processing campuses.

This publication supplements the forecasts previously released in *Calendar Year Return Projections for the United States and IRS Campuses*, Document 6186 (Rev. 11-2005) and *Calendar Year Projections of Individual Returns By Major Processing Categories*, Document 6187 (Rev. 11-2005). Discussion of the major trends, the legislative and administrative initiatives embedded in the projections, and other important caveats about these forecasts can be found in those other documents. These publications are available via the IRS website (www.irs.gov) as referenced in the inside front cover.

The projections presented in this document are based on various forecasting methodologies including regression models, time series techniques, growth rates and historical ratio methods. The projection method employed depends upon the form type, the availability of historical data and applicability of relevant economic and demographic forecasts. Typically, returns are forecasted first for the United States. States are forecasted next and adjusted to the U.S. “controls”. There are a few forms included for the first time in the states tables in this update of Document 6149: Forms 2553, 944, and 8868, as well as the electronic shares for corporation (Forms 1120 and 1120S) and exempt organization returns.

Projections and Forecasting Performance Measurement

In an ongoing effort to provide our customers measures of the quality of our Projections and Forecasting Group products and services, we present updated versions of our “Track Record” and “Customer Satisfaction Survey” results. The track record provides statistical measures of our forecasting accuracy, while the survey presents information on the level of satisfaction customers find in our products and services. We include these performance measures in our major projection publications for the benefit of our customers, and we act upon the results in ways we hope will improve our service in the future.

Track Record of Projection Accuracy

The “track record” section, presented as Table 54, provides a summary analysis of the accuracy of prior projections prepared by the Projections and Forecasting Group from 1996 to 2003. For manageability purposes, this track record material covers only the major return categories. Using the four most recent calendar years of actual data, 2001 through 2004, Table 54 presents the accuracy of our national level projections—by major tax return category, filing medium and forecast time horizon. It expresses those measures in terms of mean absolute percent errors which customers can use to gauge the overall precision of our past U.S. level return projections. Table 54 also includes a second measure of accuracy, which is the number of over projections during the last four annual forecast cycles. This measure can be used to gauge whether we

have a tendency to over project a particular return series (i.e., a value “4”), or to under project a particular return series (a value of “0”), or to achieve the desired balance of both (a value of “2”)—or something in between (values of “1” or “3”).

Customer Satisfaction Survey

In 2005, the Projections & Forecasting Group also conducted our sixth annual survey of IRS customers to determine satisfaction levels with our products and services. The following table summarizes the results of those surveys on five major dimensions of satisfaction.

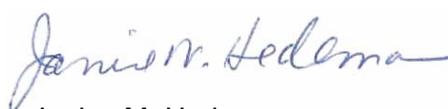

Projections & Forecasting Group Customer Satisfaction Survey Result*								
<u>Measure</u>	Percent "Somewhat Satisfied" thru "Totally Satisfied"						Percent "Totally Satisfied"	
	<u>2000</u>	<u>2001</u>	<u>2002</u>	<u>2003</u>	<u>2004</u>	<u>2005</u>	<u>2004</u>	<u>2005</u>
Accuracy	80.8	87.2	87.8	82.7	83.4	81.7	59.3	60.0
Timeliness	84.6	84.2	88.2	95.7	83.3	81.7	57.4	60.0
Responsiveness of PFG Staff	68.6	65.6	73.7	73.9	68.0	70.0	64.2	68.3
Product Meeting Needs	N/A	N/A	N/A	93.5	83.3	80.3	53.7	65.6
Overall Satisfaction	94.2	92.7	91.4	95.6	92.6	78.3	66.7	63.3

* In 2004, the rating scale on the Projections & Forecasting Group customer satisfaction survey was changed to conform to the standard used for all offices within Research, Analysis and Statistics. Data were configured above to provide both a comparable historical trend, plus information on the newer “totally satisfied” demarcation.

During CY 2004 and the first part of CY 2005, the Projections and Forecasting Group experienced an acute staffing shortage. This resource shortage in the group delayed the delivery of several major projection products during the period. However, new staff have since been added to the group and the timeliness of PFG products is expected to improve in the future.

Comments and Questions

We thank customers who have participated in our past surveys and ask for your continued cooperation in future iterations. Also, we continually seek to improve customer service wherever we can and so we welcome customer feedback at any time. Comments and suggestions regarding this document can be directed to Russell Geiman, Chief, Projections & Forecasting Group at (202) 874-0607. Questions concerning a specific tax return listed in this document may also be directed to the projections staff listed on the inside front cover. Finally, the tables contained in this document are also available electronically, as noted on the inside front cover.

Notes:

- Detail may not add to total due to rounding.
- See also "Table Notes" page for further definitions of form types.
- 1. Grand Total and Supplemental Total does not include Form 5558.
- 2. Exempt Organization Total does not include Form 990C.
- 3. Sum of electronic Forms 990, 990EZ, and 990PF.

Number of Overprojections		4	4	4	4	4

* Some actuals shown in this table differ from official counts reported elsewhere because they exclude certain return series only recently projected and whose accuracy can not yet be evaluated.

Table Notes

- Historical (actual) data in this document have been rounded to the nearest tenth while projected volumes have been rounded to the nearest hundred; therefore projections of 9 or fewer and 49 or fewer, respectively, were rounded to zero. However, some forms can report zero filings because they are associated with only selected areas, or because their filing options were just established or recently eliminated.
- Actual and forecasted return counts for the major categories are based on IRS master file processing, as recorded in the electronic versions of the “Report of Returns Posted to the Master File.”
- Complete master file counts for calendar year 2004 were not available for the following forms and had to be supplied at the national level by operating division staff from secondary sources: Forms 5558, 8871 and 8872, as well as Form 941 magnetic tape, Form 4868 TeleFile and Form 2688 electronic volumes. In addition, the historical 2004 state level counts of Forms 8871, 8872, and 941 reflect some estimation by Research staff to correct for the shortcomings in the official Master File reports.

Tables 1 ~ 53

- “Grand Total” is the sum of Total Primary Returns and Supplemental Documents. The Total Primary Returns category is the sum of all forms shown on the tables, excluding Supplemental Documents.
- “Individual, Total” is the sum of paper and electronic Forms 1040, 1040A, 1040EZ, 1040NR, 1040PR, and 1040SS.
- “Forms 1040, 1040A, and 1040EZ” is the sum of paper and electronic Forms 1040, 1040A, and 1040EZ.
- The last category in the “Individual Income Tax Total” section includes the following: Form 1040NR (*U.S. Nonresident Alien Income Tax Return*); Form 1040PR (*U.S. Self-Employment Tax Return--Puerto Rico*); and Form 1040SS (*U.S. Self-Employment Tax Return--Puerto Rico, U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands [CNMI]*). These forms are assigned to the International area.
- Various return categories, such as Form 1040ES (*Individual Estimated Tax*) and other business and individual returns, include line items to account for alternative methods of tax filing (electronic and/or by magnetic tape). However, due to space constraints most “paper only” breakouts were omitted in the states tables. The “paper only” components can be derived by subtracting the electronic and /or magnetic tape counts from their respective return totals.
- “Fiduciary Form 1041, Total” includes both paper and electronic Form 1041.
- “Fiduciary Estimated Tax, Form 1041-ES” is the *Estimated Income Tax for Estate and Trust*.
- “Partnership, Form 1065/1065B” includes both paper and electronic Forms 1065 and 1065-B.

- “Corporation, Total” includes Forms 1120 (total and electronic), 1120A, 1120F, 1120H, 1120L, 1120PC, 1120SF, 1120FSC, 1120REIT, 1120RIC, and 1120S (total and electronic). As a result of the Foreign Sales Corporation (FSC) Repeal and Extraterritorial Income Act of 2000 which repeals provisions in the U.S. Internal Revenue Code relating to taxation of foreign sales corporations, the volume of Forms 1120FSC is declining with no returns expected after 2005. Also, Form 1120POL volumes are reported separately under the forms for “Political Organizations.”
- “Form 2553” is the *Election* (to file Form 1120S) *by a Small Business corporation*.
- “Form 1066” is the *U.S. Real Estate Mortgage Investment Conduit (REMIC) Income Tax Return*.
- “Estate” includes Forms 706, 706NA, 706GS(D), and 706GS(T).
- “Form 709” is the *United States Gift (and Generation-Skipping Transfer) Tax Return*.
- “Employment, Total” includes paper, magnetic tape and electronic Forms 940, 940EZ, 940PR, 941, 941PR, 941SS, 943, 943PR, 943SS, 944, 945, and CT-1.
- “Form 1042” is the *Annual Withholding Tax Return for U.S. Source Income of Foreign Persons*. This form is assigned to the International area. It is sometimes considered an employment tax return, but listed separately here.
- “Exempt Organization, Total” includes Forms 990 (total and electronic), 990EZ (total and electronic), 990PF (total and electronic), 990T, 4720, and 5227. In tables 2 ~ 53, only the sum of electronic Forms 990, 990EZ, and 990PF is shown.
- “Form 990C” is the *Farmer’s Cooperative Association Income Tax Return*.
- “Government Entities/Bonds” includes Forms 8038, 8038G, 8038GC, 8038T and 8328.
- “Political Organizations” includes both paper and electronic Forms 1120POL, 8871 and 8872.
- “Excise, Total” includes Forms 11-C, 720, 730, and 2290.
- “Form 5330” is the *Return of Excise Taxes Related to Employee Benefit Plans*.
- “Form 8752” is the *Required Payment or Refund Under Section 7519*.
- “Supplemental Documents” consist mainly of applications for extensions of time to file and amended tax returns, which include Forms 1040X, 4868 (both paper and electronic), 2688 (total and electronic), 1120X, 5558, 7004 (total and electronic), and 8868 (total and electronic).

Other Projection Documents

Title	IRS Document Number	Typical Updates
Fiscal Year Return Projections for the United States	6292	Spring & Fall
